Product Summary

Five of our best-sellers, five stylish new recipes, plus the five recipes on the backs of the packs.

Product Description

Oh, how ho-hum the working week can be. Home from work, look in the fridge, sigh. But it needn't be that way, with these top five Herbie's spice blends to revive your taste buds. Five spice mixes, five working days... and many more than five opportunities to shine in your kitchen with a minimum of time and effort. Try inter-changing the spice mixes with the recipes. For instance, use the Tagine blend instead of Laksa to make the sauce for the steak salad, or try using Laksa mix instead of Curry Mix in the noodle stir-fry.
